

Cornwall Learning Grid 29th June - 10th July 2020

Complete at least 6 activities over the next two weeks and try and choose from a range of activities. The first activity in each section is designed with younger children in mind, and the second for older children but they are open to **all** children. Click on the different activities in Seesaw for more information. We are looking forward to seeing your work online!

Art	Science	Music
What can you create using recycled materials? Think about the things you may find on the beach.	What animals and creatures can you find at the beach? Can you create an informative poster to share some facts?	https://www.youtube.com/watch?v=kCHyyuGiuk0 Can you learn this traditional seaside song?
Find out about the work of an artist based in Cornwall and create your own piece of work in their style. See the activity on Seesaw for some links and ideas.	Learn how heat energy can be used to change a liquid into a solid by following the instructions for the Ice Cream Shake experiment on your Seesaw page. This links to your DT too!	Cornwall is famous for its brass bands. Use the links in Seesaw to find out about brass instruments and listen to a performance. Answer the questions to say what you notice about it.
Geography	History	French
Design a Cornish brochure, encouraging people to visit one of your favourite places.	Cornwall is famous for its tin mining. What did people have to wear when they were in the mines? Click on this activity in Seesaw for more information.	Explore a day at school with Papo the Parrot. https://www.bbc.co.uk/bitesize/clips/zbk3cdm
Use Google maps to plan and present a local walk, identifying significant landmarks or places along the way. Walk the route and take photos to add to your plan.	Make future history and create a time capsule! See the Seesaw activity for more information and ideas.	Complete the French Colour Walk activity in your Seesaw activity folder.
Design Technology	Personal and Social	Physical Education
Cornwall is famous for its pasties. Can you follow a recipe to make your own pasty? Perhaps you could add a secret ingredient.	Interview a family member. What do they most enjoy about living in Cornwall? Why? Where have they visited? How does it compare to other places they have been?	Have you heard of the Flora dance? Can you create your own traditional Cornish dance and give it a name?
Cornish Ice Cream is famous all over the country. Investigate how to make ice cream and design your own recipe. See Seesaw for more information.	Pin Your Thanks! Enter this competition to design a badge to thank those who've helped during the Covid 19 pandemic. https://pinyourthanks.org/pages/parents-page	Complete some of the suggestions on the PE challenge sheet on your Seesaw activity page. Explore the local area as you do!
