

Reception Spring Term - How did the fire start?

Key Vocabulary

cut, fold, join, fix, weak, strong, base, top, underneath, side, edge, surface, thinner, thicker, stable

Resources and activities I could do at home to help me with my learning

- Practice using scissors at home to cut out different shapes and cut along lines.
- Create a junk model house using recycling and sellotape or masking tape. Can you remember how to find the end of the tape?

What will I know by the end of this unit?

I know how to use scissors correctly.

I can use a tape dispenser safely and with control.

I can use masking tape and Sellotape to join materials together.

I know there are different types of glue.

I can use a glue stick appropriately.

With an adult I can use a glue gun.
