

Reception Spring Term - How did the fire start?

### Key Vocabulary

objects, materials, plastic, wood, metal, glass, stone, fabric, water, stone, stretchy, waterproof, not waterproof, similar, different, compare, group

### Resources and activities I could do at home to help me with my learning!

- Go on a nature hunt and use my senses to talk about what I can find.
- Make a feely bag and describe what I can feel before guessing what it is.
- Play What am I? Give clues to my family for them to guess my object. E.g I am made of wood. I am outside. People sit on me..... I am a bench!

### What will I know by the end of this unit?

- I am confident to investigate natural objects using all of my senses.
- I can independently ask questions about things I find e.g. Why do trees have bark?
- I can independently investigate a range of different materials talking about what is the same and what is different.
